New/Old Business

G. Wenger was recognized. He advised the Board that he had received a request from the Department of Correction seeking the Board's approval to accept the transfer of a male inmate from the Merrimack Department of Corrections. He noted that he was advised that Merrimack County would, in exchange, be accepting an inmate from our facility. A brief discussion followed.

Motion: To authorize the Chairman to sign, on behalf of the Board of Commissioners, an application for a driveway permit for the Nursing Home. By Comm. Holden, second by Comm. Clemons. Motion carried unanimously.

Comm. Holden informed those present that there are labor committee hearings scheduled for the following day regarding SB 88 and SB 216. She noted that these labor hearings could allow substantial changes in collective bargaining. She stated that SB 88 would make worker safety considerations a mandatory subject of collective bargaining, and would make decisions regarding the number of employees to hire a subject for collective bargaining. She noted that it would implement an Evergreen Provision that would require that step increases continuing after the termination of a Collective Bargaining Agreement. She noted that another significant change would be the reduction

in the number of employees needed to certify a bargaining unit from 10 to only 3. A discussion followed.

Comm. Holden noted that the bills went through the Senate without opposition. She noted that the second bill adds a new process the collective bargaining for certifying the Bargaining Unit. She noted that this would eliminate the voting to certify the Collective Bargaining Unit, allowing the employees to get a majority vote, plus one, to be able to certify. She stated they would simply need to sign a petition to certify. She stated that it was noted that this bill would alleviate the over-burdened PLRB and would eliminate the employer's ability to intimidate its staff. A discussion followed.

Comm. Holden reviewed a request for support of the Working Group's amendment regarding HB 653. Comm. Pappas noted that the Board had previously expressed support for the Working Group's proposal. Comm. Holden suggested sending a letter to the Senators representing Hillsborough County expressing the Board's position. A discussion followed. Comm. Clemons noted at as a member of the Retirement System he would continue to abstain from any action by the Board regarding the issue. G. Wenger was requested to prepare a letter for the Chair's signature consistent with previous action by the Board.

By Comm. Holden, second by Comm. Clemons for discussion.

Comm. Clemons inquired how the number of positions in the office would be reconciled, noting that the number of positions will not change, to which Comm. Comm. Pappas inquired if the Cooperative Extension mentioned an increase in Printing & Binding expenses, to which Comm. Holden stated that there was no mention of an increase.

Motion carried unanimously.

Comm. Holden suggested that a reduction could be made in the Cooperative Extension Building Rental line. She noted that in 2005, funding in that line was needed due to the transition of offices in the Bouchard Building, that in 2006, \$262 was expended from that line and this year \$160 has been expended as of the end of March. She suggested reducing the line to \$1,000 so that the funds would be available if needed.

He noted that the adjustment was to align the position with the wage range previously established for the position.

Motion: To adjust the pay rate for the Administrative Assistant I position within the Cooperative Extension from \$13.83 to \$14.56 per hour. By Comm. Holden, second by Comm. Clemons. Motion carried unanimously.

4193 – Registry of Deeds

The Board reviewed the Registry of Deeds budget request. Comm. Clemons inquired why the Postage line request was so low, to which G. Wenger stated that J. MacDonald advised the Board that a credit had been identified during a recent upgrade, and that there has been a reduction in the amount of documents mailed due to internet usage. He noted that she emphasized that this would be a one-time event and that the line would be increasing next year. Following a discussion, no action was taken.

G. Wenger informed the Board that the County has had another good Health Insurance month. He noted that the final figures for July 1st would be available on or about May 1st and he anticipates the figure would be lower than the budget projection of 8%. He requested that the Board consider how it wishes to proceed regarding insurance coverage.

The Board reviewed the County Attorney's budget regarding the request for new employees. It was noted that the County Attorney requested new investigators the previous year, which were approved. A discussion followed regarding the request for a new Assistant County Attorney position and a new Legal Secretary position. No action was taken at this time. The Board continued to discuss the budget requests line by line. Following a discussion regarding a requested \$5,000 increase the Legal Expenses line, the Board decided to put that matter on hold. Printing & Binding, Postage, and the Extradition Expenses lines were discussed. The Board noted that the Sheriff has requested a \$5,000 increase in his Extradition line for a total of \$10,000. In light of that funding request the Board took the following action:

Motion: To reduce County Attorney 4123, line 7411, Extradition Expense, by \$10,000 from \$80,000 to \$70,000. By Comm. Holden, second by Comm. Clemons. Motion carried unanimously.

The Board continued to review the CIS's budget request line by line. Following a discussion, no further action was taken.

The Board discussed the meeting that had taken place the previous Monday with representatives of the State Judicial Branch and Department of Administrative Services. Comm. Pappas and Mr. Wenger reported that the meeting had been productive with Chief Justice Broderick, Judge Kelley, Judge Lawrence, Commissioner Hill, Director M. Connor, Chairman Essex, M. Wageling, County Attorney, Sheriff Hardy, and M. Rusch in attendance. The discussion addressed the Chestnut Street Courthouse and the funding included in the Capital Budget approved by the House, and the plans for the facility should the funding be approved or not. The County's interest in the facility for the County Attorney's operations and other functions were discussed as well as the imperative that the asbestos be removed in order to facilitate the County's continuing presence in the building. The parties agreed to continue working to secure the approval of the funding request for the asbestos removal project. They went on to report regarding the discussion of the second floor of the Bouchard Building and the continuing interest of all parties to bring the Goffstown District Court to the facility. They reported that following the discussion it was agreed that, with the Board's continuing support, an RFP for architectural services would be pursued in order to complete the design work and to obtain cost estimates for the project. Following discussion the Board agreed to continue and that Mr. Wenger would publish an RFP for Architectural Services.
