RE: Master Plan Committee

Dear Commissioners:

At its meeting on February 11, 2007 the Master Plan Committee, following extensive discussion, voted to forward the following recommendations to the Board of Commissioners for consideration:

Motion: To recommend to the Board of Commissioners that the Master Plan Committee be authorized to retain the services of a consultant to assist it in the development of a Master Plan, which includes a Design Charrette wherein stakeholder input and a consensus building process relative to the future vision for the County's Goffstown property will occur.

Motion: To recommend to the Board of Commissioners that it include in its budget recommendation for Fiscal Year 2009, an appropriation of \$55,000 to support the work of the Master Plan Committee in its effort to develop a plan for the future vision of the County's land in Goffstown.

Mr. Wenger and I will be available to discuss the Committee's recommendations and the discussion leading to them with the Board today, or should you prefer I can arrange a joint meeting between the Board and the Committee. On behalf of the Committee I express our appreciation and look forward to the opportunity to discuss this with the Board and to continuing this valuable process.

Sincerely yours,
